WANT SOMETHING?

To request a copy, send us a link to the project you like and we will research if it is possible to fork

Contact support@onout.org and request new product

HOW WE BUILD A PRODUCT

Find an opensource app (or listen to our clients)

Create Admin panel for this App

Distribute across clients who want to get a "copy" app on their own domain

WHY US?

This tool was developed by the team who made MCW wallet (trusted by 1000+ webmasters).

We are fully legal (we use only MIT and GPL sources)

We use only top audited sources

You don't need coder, setup without technical skills. See videos

WE LISTEN TO YOU.

ASK FOR A NEW PROJECT

Want new feature or new product? Ask the team!

TALK TO TEAM

YOU CAN SPONSOR NEW PRODUCTS AND GET UP TO 150% FROM FUTURE SALES

The system will automatically pay you from each sale until you get back 150%, this is an investment opportunity

BECOME A SPONSOR

TESTIMONIALS

BY SAHELIAN 1 YEAR AGO

Awesome team, helpful all the time, nothing is too difficult and if you have a problem, they are straight onto it, one of the most pleasurable experiences I have had to date with devs and using code.. A++

BY SAHELIAN 1 YEAR AGO

I am not a coder and I cannot do all that I wanted with this plugin... I hope not but might end up losing my money or spending hours on this. However, support has been awesome thus far! I don't agree with the bad review about the seller. I understand we are all busy and this is not some mega corporation, so a bit of patience will pay off.

BY SAHELIAN 1 YEAR AGO

excelente pero me gustaria que procesador de pago integrado aceptara visas virtuales

SUPPORT PROCESS

support@onout.org

Online 08:00 - 17:00 GMT, Sunday day off

Read know ledgebase, or ask the community

ARE YOU A BLOCKCHAIN DEVELOPER?

Add a product to our marketplace and earn. How much? How it works? [CLICK HERE FOR DETAILS!](#)

F.A.Q.

Do you have any guarantees the funds will be safe?

Talk to team: support@onout.org

This text appears to be advertising a variety of blockchain-related products and services that developers can use to run their own applications on their own domains. The products include a decentralized exchange (DEX), a wallet, a farming platform, a decentralized autonomous organization (DAO), an NFT marketplace, a lottery platform, a cross-chain platform, and a lending platform. The text also mentions that the products can be

customized using an admin panel and that developers can earn commissions from using the products. The text also notes that the team behind the products is legal and uses only open-source, audited code and encourages feedback and new feature requests. Additionally, it mentions that there is an opportunity for sponsors to invest in new products and earn returns on their investment.

create a email proposal for companies who have forked Blockscout repository
<https://github.com/blockscout/blockscout>

Subject: Proposal for Enhanced Blockchain Explorer Services

Dear [Company Name],

We are writing to introduce our company, [Your Company Name], and our expertise in developing and maintaining blockchain explorer services. We have noticed that your company has recently forked the Blockscout repository (<https://github.com/blockscout/blockscout>) and we believe that our services can help enhance the functionality and user experience of your blockchain explorer.

Our team has extensive experience in developing and maintaining blockchain explorer services for various blockchain networks, including Ethereum, Polygon, and Binance Smart Chain. We can provide a wide range of services, including:

- Customizing the look and feel of the explorer to align with your brand
- Adding new features such as token tracking, contract analytics, and advanced search functionality
- Integrating with other blockchain infrastructure such as wallets and nodes
- Providing technical support and maintenance to ensure the smooth operation of the explorer
- Providing security audits to ensure the explorer is secure and compliant with industry standards.

We understand the importance of maintaining an up-to-date, reliable, and user-friendly blockchain explorer for your business and we are confident that our services can help you achieve this.

We would be more than happy to discuss this opportunity further and provide a detailed proposal and pricing. Please let us know if you are interested in learning more about our services, and we will schedule a call at your convenience.

Thank you for your time, and we look forward to hearing from you soon.

Best regards,
